MEMORANDUM FOR: Director, Office of Intelligence Research
SUBJECT: Intelligence Materials on India
RE: USIA Survey

1. Our response to your memorandum and the attached large volume -- and we appreciate very much the way you went ahead to do this even though it was burdensome -- are set forth in the form of a draft memorandum to USIA, DDP, OCB and the armed services (attached).

2. Would you be good enough to criticize this draft? It seems to us to be the way to make not only a constructive use of Cy Peake's labors but also to push further into the corral the psywarfare officers. By the latter I mean that their written responses to the memorandum may turn up to haunt them in the future when they get to complaining about the lack of intelligence materials and ways to use them for their program purposes. If they should say that this is impractical and doesn't meet their needs let them either suggest alternative measures or forever hold their peace.
